Our fall hats are here. Let Mrs. Aly, who has had 20 years experience with hats, fit you. We have all kinds, short and long coats for stout and skinny women. They come in velvet, silk plush with fur trimmings, suedetex, heather tweed, tinselvour, tricotine, nuphur beaver and silver tones galore. GREETINGS FROM THE OZARKS

Mount Vernon—This is a beautiful day and a fair reminder that the time has come for the schools to open. This to me is the sweetest part of the year.

This day, August 30, is the day for Will Mayfield College to begin work. It is only the second time in many years that I was not there at the registration. With fond remembrance and many kind regards I pass this paragraph to the printer.

The apple crop in this vicinity was fine. The hail in some sections has reduced it half. Mr. John Garringer said that it injured him \$2,000; he has only a small orchard, sixteen acres, very fancy fruit.

There is growing a fine crop of corn. Many say the best in years, in Lawrence county and all the southwest. Corn, corn every where.

I have been in the north end of the county fifteen miles from Mt. Vernon to attend a fifth Sunday meeting in Sycamore church. So delightful was the visit among the good brethren so much like parts of Bollinger county, hills high, valleys narrow and very fertile. Corn estimated from fifty to sixty bushels per acre. The hospitality and culture of the people are very fine.

Memorial temple on Baptist Hill is finished. It is an elegant structure with three magnificent porches facing east, west and north.

The temple will seat fifteen hundred and cost several thousand dollars. This temple is the nucleus of an assembly ground for the baptists of Lawrence county and southwest Missouri.

The place where the temple is located is exceedingly picturesque. Situated on a lofty eminence overlooking Spring river bottoms for out on the prairie beyond.

The county fairs here attract much attention. Very fine stock

is exhibited. The finest cattle I have ever seen will be presented in these coming fairs. The fine calf about which I wrote one year ago is now a large brute and estimated at more than \$5,000.

I get back to Marble Hill while I write and live with you again. Wish you and your children a great successful year in school work of every grade. I pray for them all and especially The Press family.

I recommend Will Mayfield college and Marble Hill to all who wish a good school and quiet happy town in which to live. The college is coming to greatness.

Finally I close by saying to all good friends that we are well and happy and remember each one distinctly, not one left out. My God's grace and love abide with all forever.

As ever,

W. A. Davault.

SOME SALT

The volume of the salt in the ocean, according to the United States Geological Survey, is enough to cover the entire surface of the United States to a depth of 8,500 feet.

Cut Down Big Hill

Bucklin citizens and business men became so tired of a big hill two miles east of that place that a road working was held recently and the top of the hill was removed. Armed with dynamite, picks, shovels, grad-

ers and teams, a small army marched on the hill and cut it down.—State Journal.

LITTLE VINE

As I haven't seen any news items in The Press from this vicinity in some time, I will try my hand again.

Health is reasonably good, except among some of our old people. Peter James and his wife are quite feeble.

Crops are good in this part of the country.

Charley Acop is all smiles now, as the county agent of the M. A. U. insurance paid him \$80 in cash and it only cost him \$2.45. So come on, good people, you have the same chance he had. I think it the best and cheapest insurance in reach of us at this time.

Success to The Press and its many readers.

Ould Head.
